

When looking at the images below, the one thing that comes to mind is one of our most beloved gospel songs, “How Great Thou Art”:

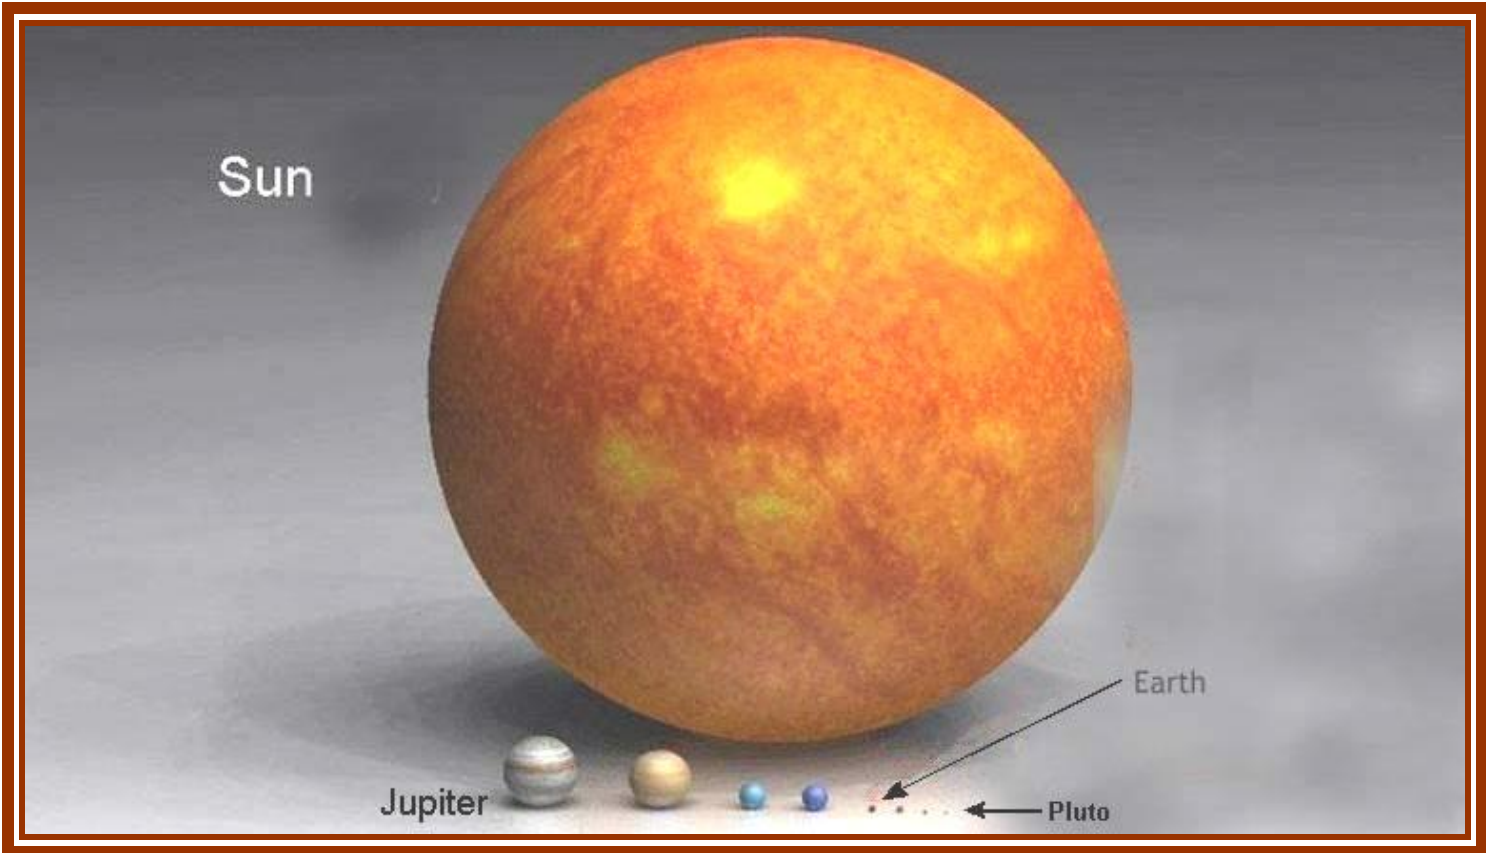

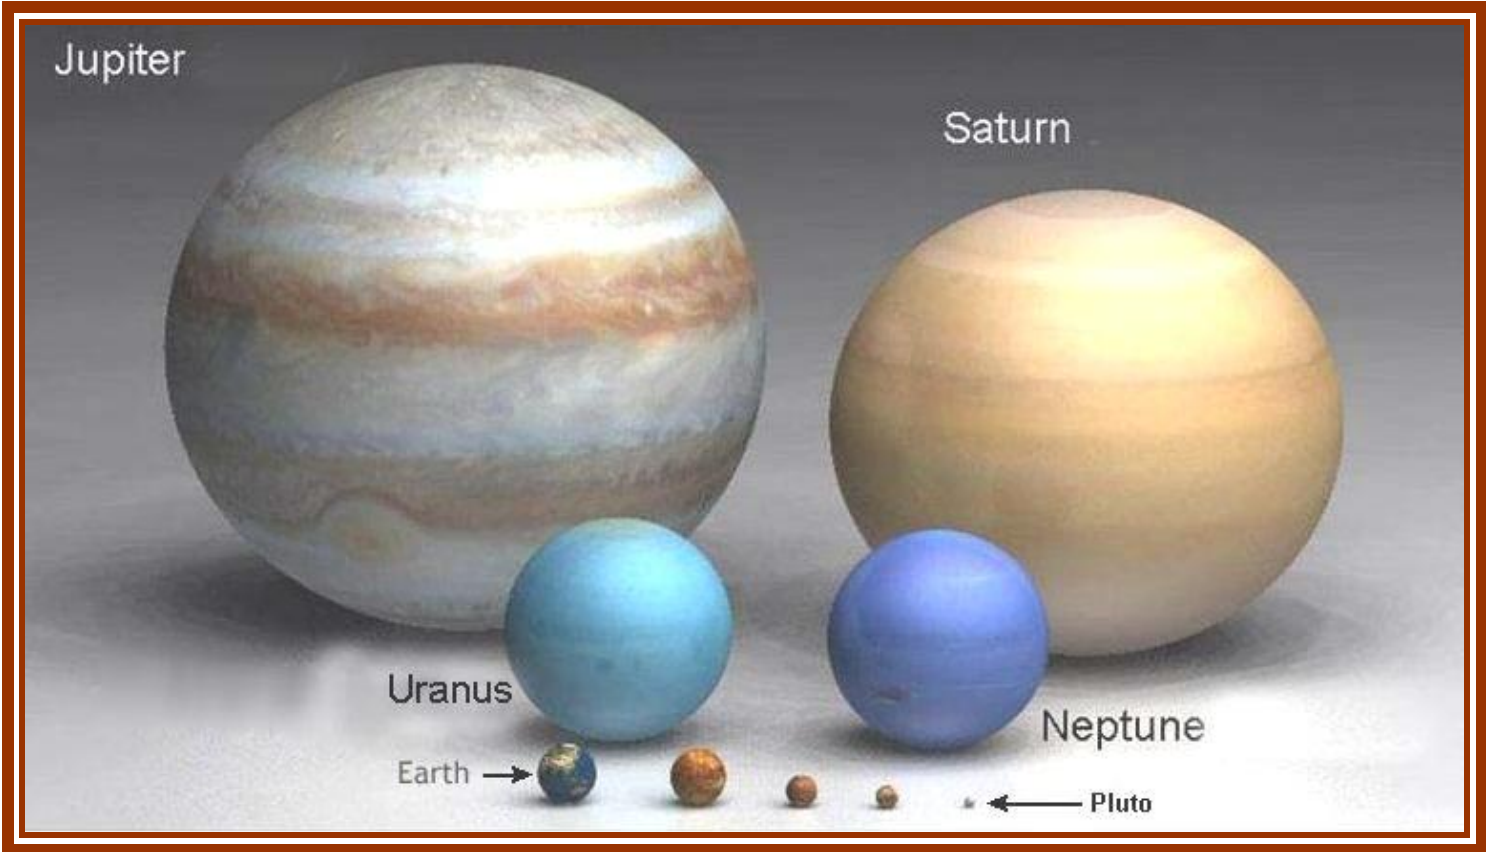

Oh Lord, My God, when I in awesome wonder,
Consider all the world thy hands have made,
I see the stars, I hear the rolling thunder,
Thy power throughout the universe displayed.

Then sings my soul, my savior God to thee,
How great Thou art, How great Thou art,
Then sings my soul, my savior God to thee,
How great Thou art, how great Thou art.

This puts everything in a whole new “perspective” doesn’t it?

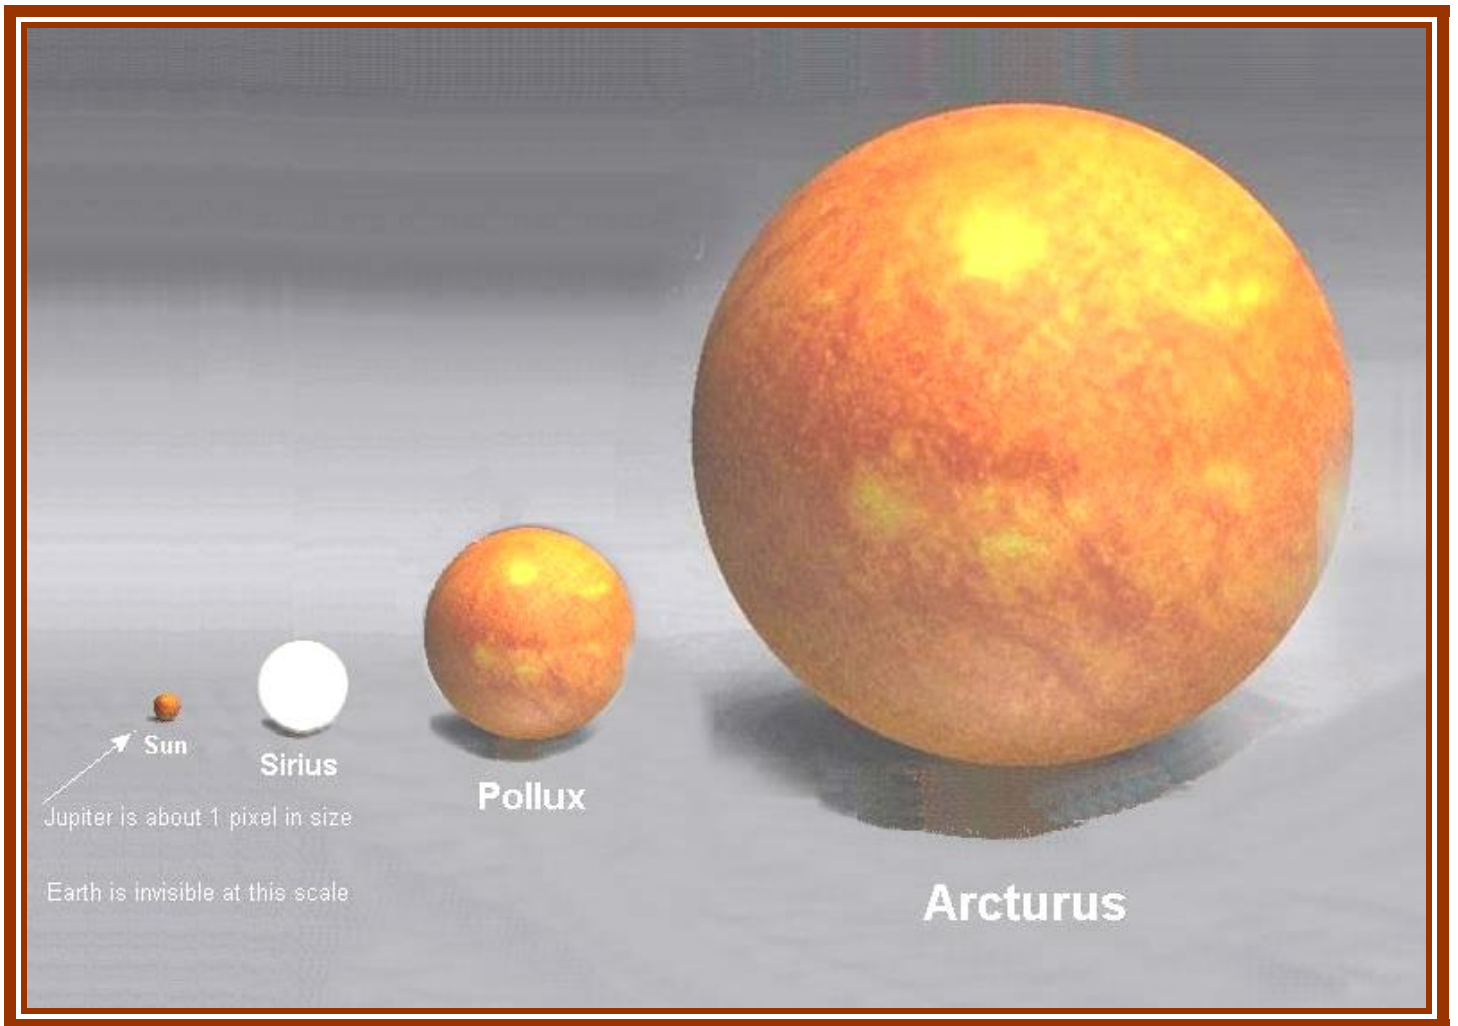

THIS is really fascinating!
It's rather dazzling to see it presented this way.

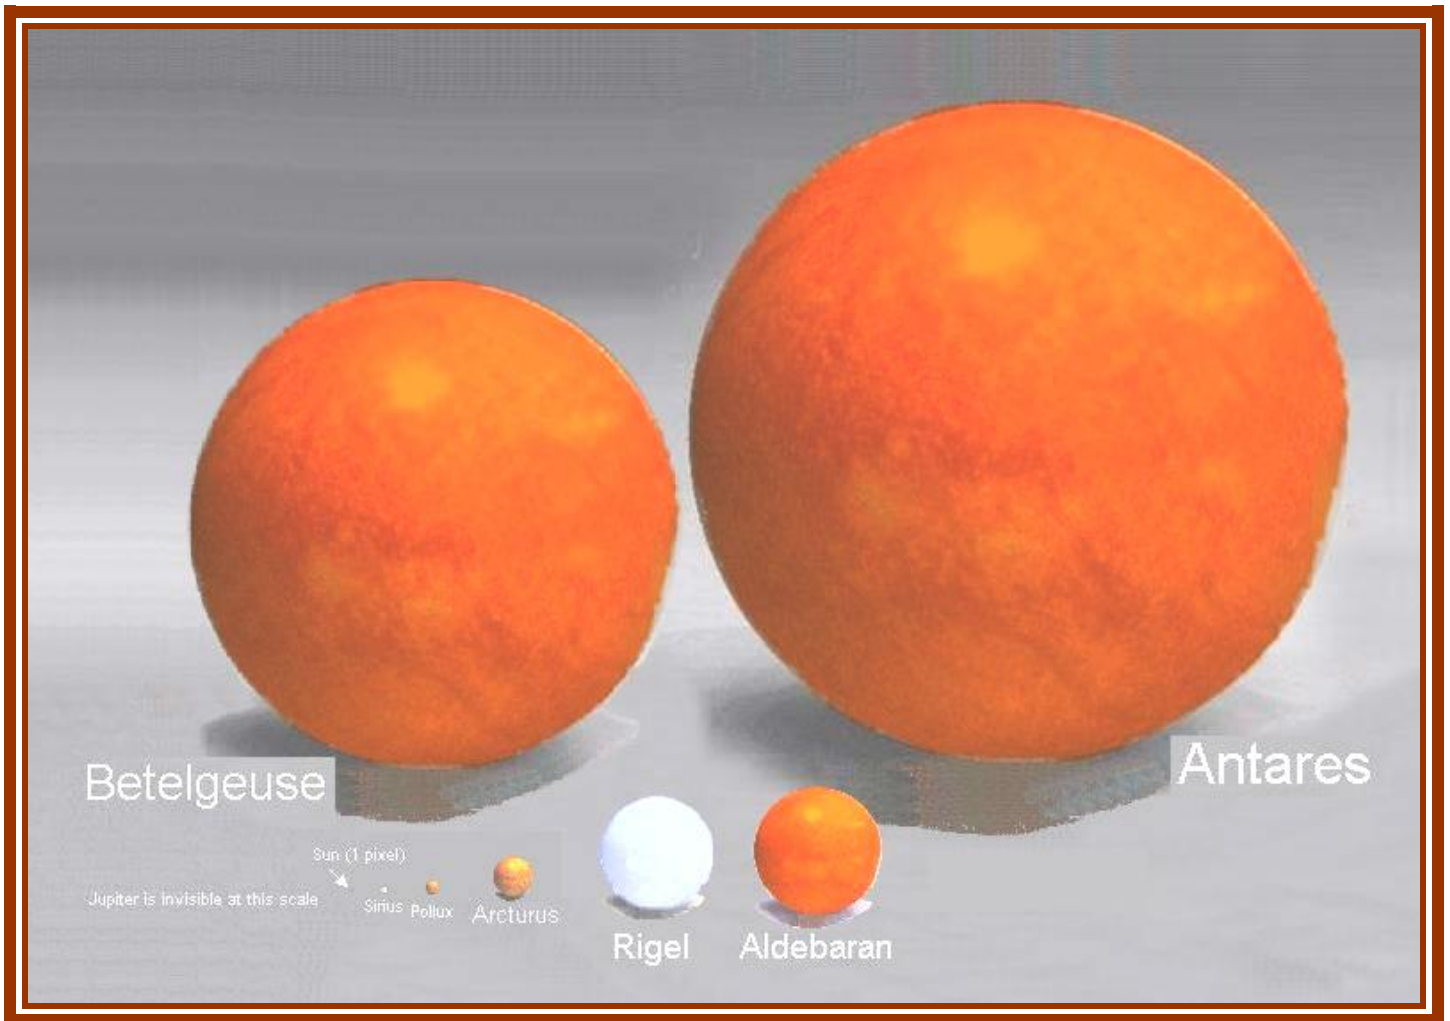

I CERTAINLY THOUGHT THIS WAS ENLIGHTENING.

BEYOND OUR SUN IT'S A BIG UNIVERSE.

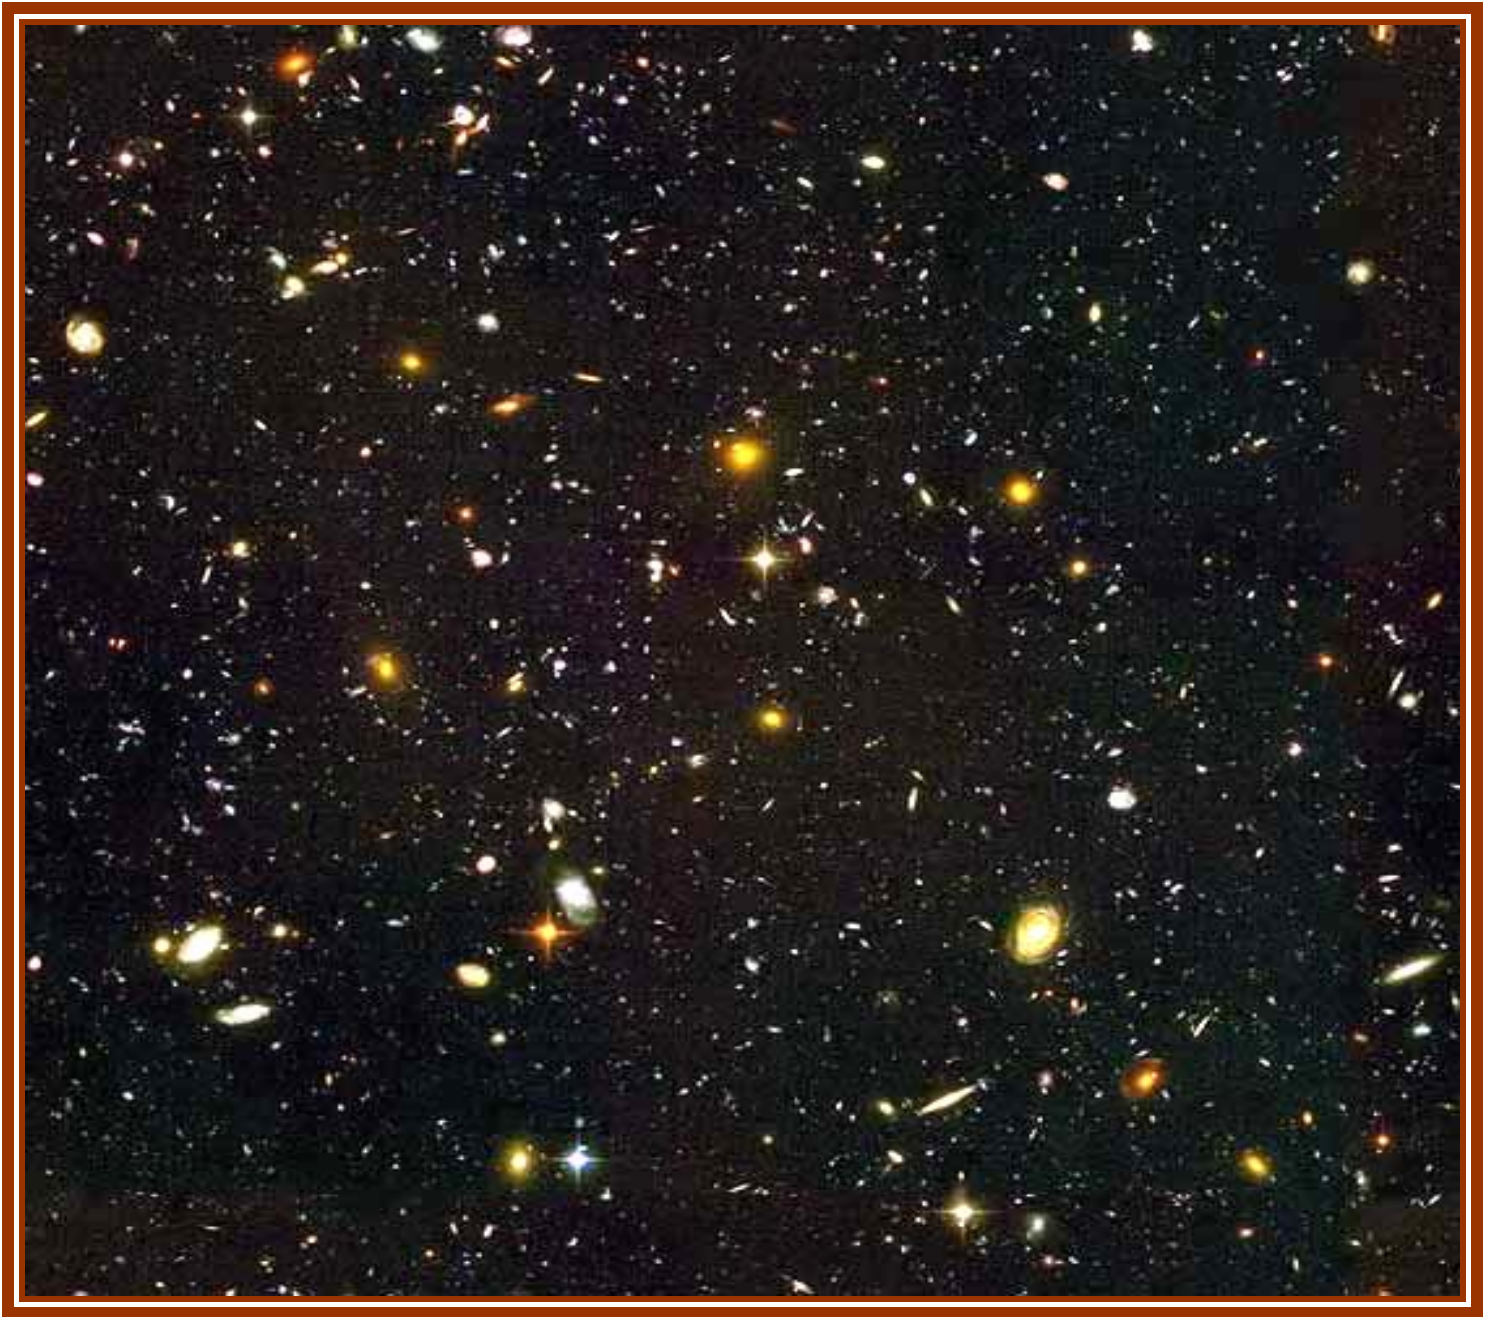

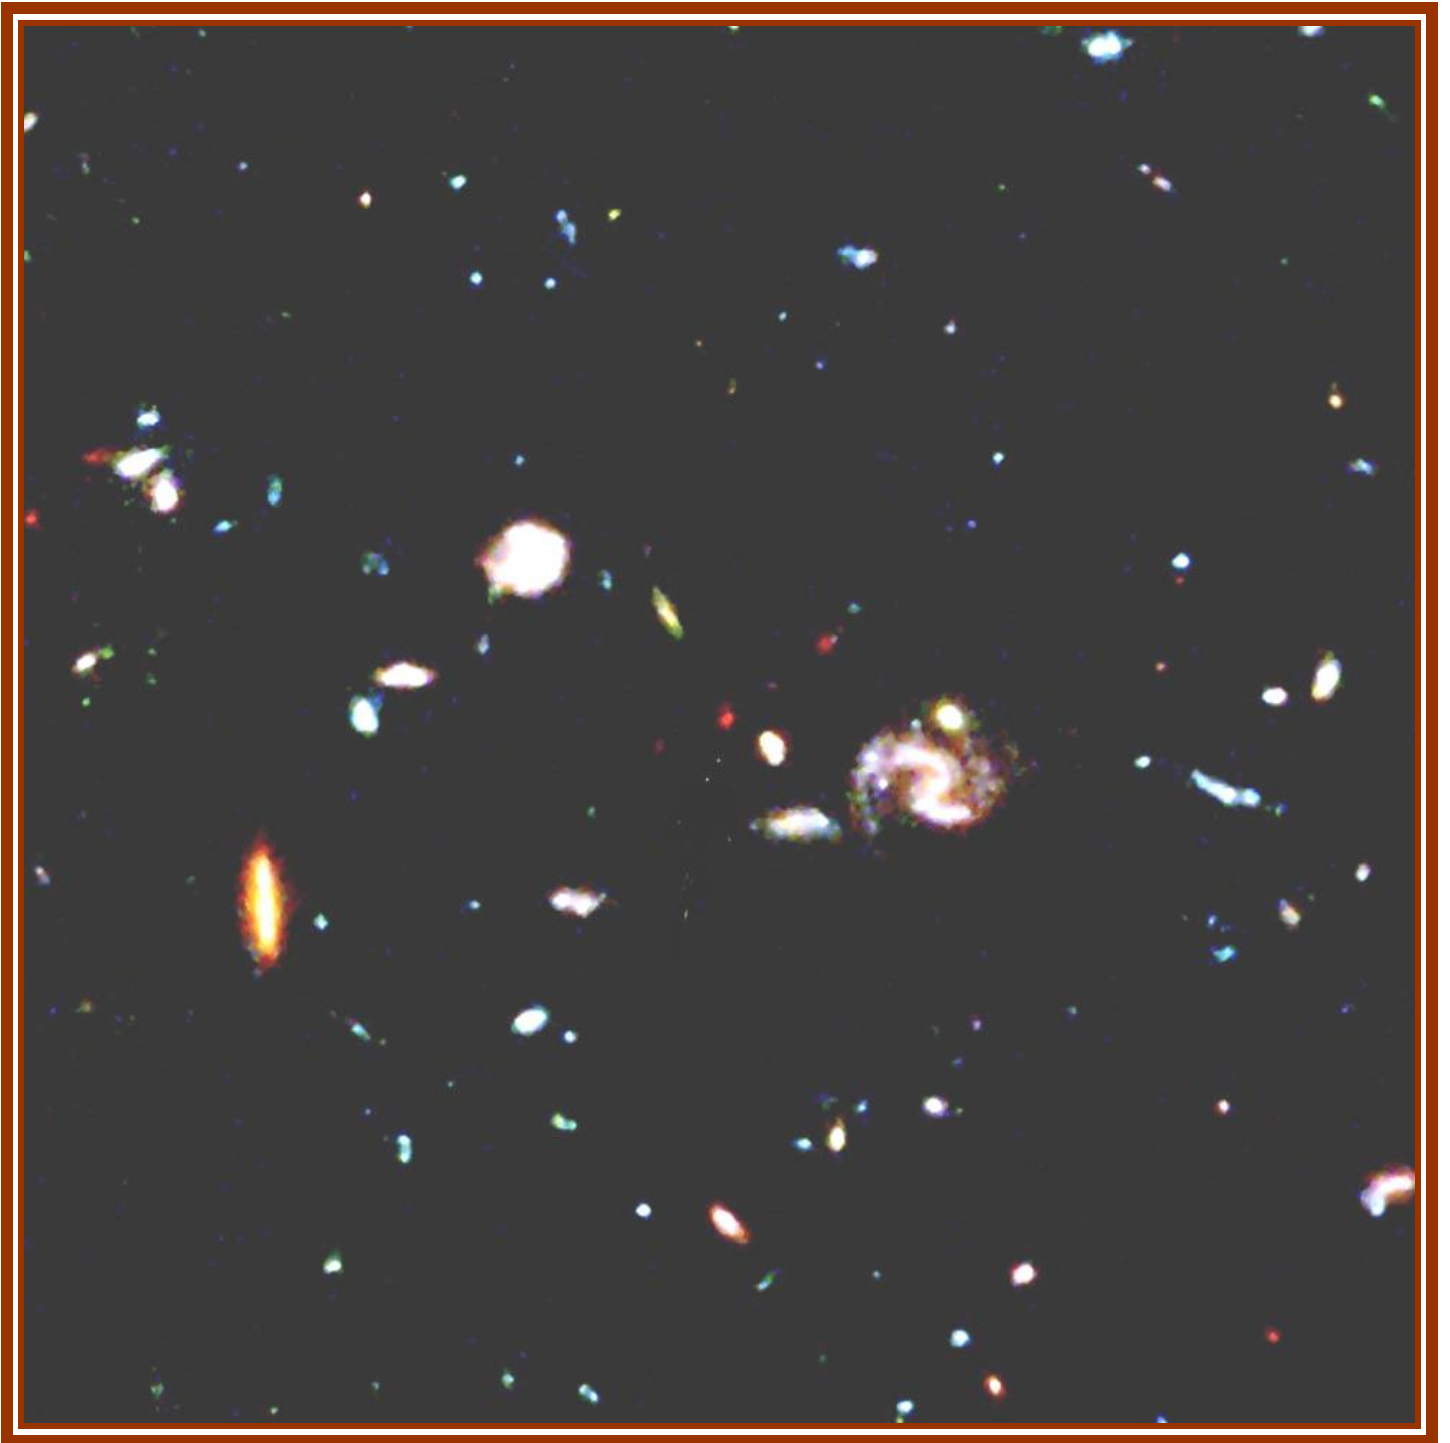

ANTARES
IS THE 15TH BRIGHTEST STAR IN THE SKY.
IT IS MORE THAN 1000 LIGHT YEARS AWAY.
NOW HOW BIG ARE YOU?

NOW TRY TO WRAP YOUR MIND AROUND THIS.....

THIS IS A
HUBBLE TELESCOPE ULTRA DEEP FIELD INFRARED VIEW OF COUNTLESS
'ENTIRE'
GALAXIES BILLIONS OF LIGHT-YEARS AWAY.

HUMBLING,
ISN'T IT?

And yet, Someone
knows how many hairs are on your head,
and not even a single sparrow dies apart from His will.
(Mt. 10:29-31)!

**NOW,
HOW BIG ARE YOU?**

AND HOW BIG ARE THE THINGS
THAT UPSET YOU TODAY?

**AND,
HOW BIG IS YOUR GOD?**

**KEEP LIFE IN
PERSPECTIVE.**

AND DON'T
SWEAT THE SMALL STUFF!

IT'S ALL UNDER CONTROL (Job 38)

STILL SOME SAY THERE IS
NOT A GOD!
